Kalinda Primary School's Vision Statement
A learning community with shared values, fostering a life-long love of learning through meaningful experiences, to embrace a constantly changing society.

From the Principal........

ANZAC Day

Next Thursday is ANZAC Day and the school will be closed. Many of our students and their families will be attending the Dawn Service at the Ringwood RSL Memorial at the Clock Tower where our students will be laying a wreath. This is always a very moving ceremony and suitable for all ages.

Today a group of our Level 4 students attended a Youth Service at the Shrine of Remembrance in the city. Stuart McLean and Richard Lambert went with the students. I have attended this service with Kalinda students for many years and it is very poignant and leaves us all thinking what a wonderful country we live in and for which so many gave their lives. The students will write pieces for the Newsletter next week so I do encourage you to read them.

FACILITIES

I can’t quite believe it but our stadium is nearly ready for use again! New downpipes and drains have been placed on the school side of the stadium to catch any waters that will be flooding down our hill in the middle of Winter. The floor has now been sanded with new line markings and polyurethane coatings. It is now ready for our community groups to start using again after the 3rd May. For a “Day in the Life of our Stadium” recently taken, please follow this link to Facebook.

Our community hub, outside the stadium, will be finished tomorrow and will be all ready for the Cross Country next Wednesday. The barbecue will be going in, but not just yet. We hope lots of parents will be coming up for the cross country as helpers or observers, so come and have a look.
PREP INFORMATION NIGHT

This information evening will be held on Monday, 13th May at 7.00pm in the Library. If you have someone starting school next year or know of anybody in the community who has a Preppie starting next year, please ask them to come along.

OPEN NIGHT

Our Open Night is on Monday, 20th May and will be from 4.00 – 7.00pm, with the Choir finishing the evening in the stadium. There will be many things happening around the school including Japanese Green Tea ice cream, taste testing from Kelly, art activities, musical performances and general excitement with children proudly displaying their work. Do try to come along, rain hail or shine (some nights it has been very rainy!).

Term 2 is always very intensive with all the previously mentioned activities but also Naplan and Reports. Now that the industrial action has finished, all students will be getting a written report. After you receive the reports we will be requesting that you come along for 3-Way conferences with the teacher and your child. Please watch out for notices about these conferences.

It has been a great start to the term and we certainly expect this to continue with the great events we have planned.

Helping your child understand Place Value in Numeracy

Place Value forms the basis of our number system. As your child progresses through school they will gain an understanding of Place Value, which is the foundation of all areas of Numeracy. Here are some of the basics of Place Value that your child will be learning:

- Our number system is based on groups of “tens”
- Ten “digits” are used. 0,1,2,3,4,5,6,7,8,9
- Those ten digits are used in patterns to form every number in the world.
- The pattern that is repeated is always from right to left, and it is ones, tens, hundreds. That pattern is repeated through thousands, millions, billions etc.
- The position of a digit within a number is called its place.
- A digit can have a different value depending on its place in the number. ie. In the number 951 the value of the digit 1 is one unit or 1 one. In the number 915 the value of the digit 1 is 10. In the number 159 the value of the digit 1 is 100.

Through the use of concrete materials, like blocks, pasta, icypole sticks, etc, that can be grouped into ones, tens and hundreds you can help support your child’s understanding of place value.

Money is a great way to learn about place value and trading appropriate coins.

Try this activity at home:

Roll dice to determine three digits (for example 562). Make the greatest and smallest number.

⇒ The greatest number you can make by rearranging them is 652.
⇒ The smallest number you can make is 256.

KALINDA’S WHOLE SCHOOL HOUSE CROSS-COUNTRY CARNIVAL:
This year’s House Cross Country Carnival is scheduled for Wednesday, April 24. For the first time in recent history, the whole school will take part in the event.

On the day, Kalinda’s:
1. Prep students will run (walk, skip or dance!) two laps of the school oval, and
2. Year 1 & 2 students will run (walk, skip or dance!) one lap of the school’s one kilometre course.

N.B.: These two events are purely participatory.

3. Nine and ten year old students will run two laps of the one kilometre course,
4. Eleven year old students will run three laps of the one kilometre course,
5. Twelve and thirteen year old students will run three laps of the one kilometre course,

N.B.: These events are School Sport Victoria lead-in events to the District level of competition (for those students who perform particularly well).

To celebrate the completion of each race, participants will be provided with an icy-pole courtesy of Kalinda’s wonderful Parents and Friends Association. Then, to celebrate the completion of our stadium repairs and the completion of our terrific new ‘community hub’ (as well as to hear which house has won this year’s event), students from all levels will come together to enjoy a barbecue lunch (sausage in bread) at lunchtime in and around the Community Hub. Notices were distributed earlier this week for you to place and pay for your child/ren’s sausage order. Please see the ladies at the office if you did not receive one.

The Victorian Premiers’ Reading Challenge 2013 is starting soon at Kalinda

We would love every student at Kalinda to take up the challenge and get the reading bug!

You can find out more information about the Challenge at:

To take part in the Challenge you must read, sign and return the 2013 Consent Form to your classroom teacher. Once this has been done, a login will be created for you and you’ll be ready to record your reading!

Woolworths Earn & Learn is back

Last year at Kalinda, thanks to the generosity of our Kalinda community, we collected over 17,040 stickers. These were used to purchase items for our students across all levels. Sheets can be downloaded from Woolworths website or collected from any store. Get your relatives involved and let’s beat last year’s total!
Mothers Day Stall

It’s that time in the year when we show our love and appreciation to our mums.

Kalinda P&F will be holding our annual Mother’s Day Stall with some new and exciting products for sale ranging from $1 - $5.

On Wednesday 8th May, classes will be brought down to the Stadium to shop at various times throughout the day. Siblings will be given the opportunity to shop together (to prevent doubling up on presents!)

We ask that students bring a maximum of $10 to spend per child. With items ranging from $1-$5 they will not need any more than that to shop for mum AND grandma!

Please send along a named plastic bag with your child so that they are able to hide their purchases on the way home.

If you are able to help us out on the day, we would appreciate your assistance. We have allocated two timeslots 8:45-11:00 or 11:00-1:00. Please email us which timeslot would best suit you. If you don’t have access to email, you can leave your preference, along with your contact details, at the office. Please email either Shona or Crissi and we will confirm with you closer to the date.

RECIPE OF THE WEEK!

During World War 1, the wives, mothers and girlfriends of the Australian soldiers were concerned for the nutritional value of the food being supplied to their men. The problem was that any food they sent to the fighting men had to be carried in the ships of the Merchant Navy. Most had no refrigerated facilities, so any food sent had to be able to remain edible after periods in excess of two months. A body of women came up with the answer - a biscuit with all the nutritional value possible.

At first the biscuits were called Soldiers’ Biscuits, but after the landing on Gallipoli, they were renamed ANZAC Biscuits

- Makes about 25
- Prep Time: 10 minutes
- Cooking Time: 20 minutes

**Anzac Biscuits**

What you need:

1 cup rolled oats  
1 cup plain flour  
1 cup brown sugar, firmly packed  
½ cup coconut  
125g butter  
2 tablespoons golden syrup  
1 tablespoon water  
½ teaspoon bicarbonate of soda

Make these biscuits as large or as small as you like. Biscuits will keep in airtight containers for at least a week or you can freeze for 2 months.

Combine oats, sifted flour, sugar and coconut in large bowl. Combine butter, golden syrup and water in small saucepan and stir constantly over medium heat until butter is melted, stir in soda. (If you prefer the microwave combine butter, golden syrup and water in microwave-proof jug, cook on HIGH for about 1 minute or until butter is melted. Stir in soda).

Stir mixture into dry ingredients.

Place rounded teaspoons of mixture 5cm apart onto lightly greased oven trays; bake in moderately slow (160°) oven for about 20 minutes or until biscuits feel slightly firm. Use spatula to loosen biscuits on trays, cool on trays.

♦ Don’t hesitate to move the trays around once in the oven as this will help the biscuits to brown evenly.
