CAMPERS

Our campers are having a wonderful time in Canberra, exploring the city and its beautiful buildings and finding out all about how Government works. They have been very lucky in meeting the Governor-General, Sir Peter Cosgrove, AK MC at Government House. They also met with Mr Michael Sukkar MP, Federal Member for Deakin, who also explained the workings of Parliament to them.

Many of you have been to Canberra and you may know the Questacon Centre, which is a wonderful science centre housing lots of hands-on activities for the children. They love exploring the many floors of the Questacon Centre and experimenting with all the science equipment.

More stories and photos from Camp can be viewed on the Kalinda Facebook page.

Some more of our little scientists went off to Scienceworks this week. Our Grade 3&4 students had a wonderful experience in the Lightning Centre at Scienceworks and, when they came out of the centre and went to go outside, they had real lightning during the storms of Monday. They loved all the activities and, again, learnt a tremendous amount about science and experiments. You might like to have a look at the “mad scientist” photo below!

INFORMATION SESSIONS

We have had a very positive response from parents to the information sessions being held in the school over the last couple of weeks. The teachers also enjoyed meeting many of you and appreciated the attendance and positive response from parents.

We are planning to have more information sessions about specific topics during the year, so please watch out for notices coming home, in the newsletter and on Facebook and our Web page.
STUDENT UNIFORM

Just a reminder that all students should be in full school uniform. Although we do allow the children to wear runners of different colours, all other items of uniform must be approved Kalinda uniform. Library News!

The Library is currently processing many new books which, hopefully, the children will enjoy immensely. The Series Novels have also been separated from the A-Z Novels so hopefully more books will be borrowed!

The neater and more organised the library is, the easier it will be for students to find what they are looking for. Which brings me to a question!

Would there possibly be any volunteers who could assist with a task weekday morning please? The task would be:

- collecting the books to be returned from the classrooms that have Library that day (usually only one or two classes),
- scanning the returned books back into the computer system, and;
- re-shelving them?

I would imagine this task would take between 15 and 30 minutes. Any help would be greatly appreciated. Please email me at wendyLrobertson@yahoo.com.au if you are able to assist.

Regards, Wendy Robertson ☺
SCIENCE AT KALINDA

Grades 3 & 4 have commenced a series of science experiments to predict, observe and explain chemical and physical changes. Each class will experience a different exciting experiment with each of the Grade 3 & 4 teachers.

This week some of the experiments included, rocket balloon power, slime and lava lamps. We are looking forward to lots more fun whilst learning all about science.

SCIENCEWORKS EXCURSION

Grades 3 & 4 had a wonderful time at Scienceworks, engaging with interactive activities that taught them about various aspects of power; the power of future thinking, the power of natural energy, kinaesthetic power, and the power of creativity. They will be exploring these concepts further during CBL.

Before School / After School Care Program

Program Update

Week 5 of Term 1 already?! How time flies!

This week has seen us bid farewell to some of our regular year 5 and 6 students as they all headed off to Canberra this week. We sincerely hope that these students are having the time of their lives and that they all return safe and well at week’s end. We also have a number of very excited year 5 and 6 students who can’t wait to be leaving on their camp early next week.

In other news, we have recently had the pleasure of welcoming some more new faces to our program. We would like to send our warmest welcome to these students and hope that their time with us will be a pleasurable experience.

Recently our children have been enjoying playing with footpath chalk, as well as our cricket set, and the school playgrounds. We have also enjoyed some theatrical plays put on by some of our regular children, as well as gymnastics, dancing, and even some karaoke!

Jeanette, Kalli, and Monali would like to extend our genuine satisfaction towards the efforts of our children who took part in our emergency evacuation and lockdown practice drills recently. These are such a large part of the health and safety of our program and without the students’ responsible participation we would not be able to practice these important facets of our program.

We look forward to hearing any feedback from students, parents, and teachers in the near future!

Kind Regards,

Jeanette Lea, Kalli Boag, Monali Shah.

CLASSES STILL NEEDING A PARENT REP

We still need Parent Representatives for the classes below. The main benefit is that your child is so proud; proud that you are their “Class Rep”, proud that you are involved with their school and their class!

Being a Parent Rep is simple. It basically means organising a parent roster for classroom help and the occasional social get together. It is actually fun!

If you would like more information, please speak with your classroom teacher regarding the role.

5/6D Ms Carmel D’Amico

COMMUNITY NEWS

OFFICE NEWS

Please note that the Grade 5&6 students on Camp #1 will be returning tomorrow afternoon at approximately 5pm. If there are any major changes to that time, parents will be notified by SMS text. Do we have your current mobile number? If not, please let us know as soon as possible.

Finance - Just a friendly reminder to all those families who are on an Instalment Agreement for student fees. February payments are now due and can be made at any time at the office, over the phone, or using your individual Bpay number and the school details. (Please remember, if you are paying by BPay, this is for amounts of $30 or over.) Activities such as Hot Dog Day or Uniform sales cannot be added on to the plan. These are separately run programs. Please contact the office if you have any question or queries.

Health - Another reminder that if your child has Asthma, Anaphylaxis or any medical condition that requires an Action Plan, you are required to provide the school with a current (dated 2015) copy to the office. This is used for excursions, camps and to help manage your child’s condition whilst at school. If you have nominated that they have a condition on their enrolment form, or would like to change any details, please contact Annie at the office.
**WORKING WITH CHILDREN CHECKS** - A reminder that if you wish to help out at the school in any way, ie canteen, classroom help, SAKG, camps/excursions, etc. you will need a Working With Children Check. Forms are no longer available at the office; you will need to apply online at:

The new canteen roster has been emailed out. If you returned your form and haven't had an email from me, please let me know asap. Thank you to everyone who has volunteered, we certainly appreciate it.

We have quite a few Wednesday and Thursday shifts that need filling. If you can spare 4 hours, it would certainly help, it doesn't have to be on a regular basis, even once is a great help.

We are waiting on a few more Sticky Beak orders to come in; once received, I will be placing the order. Order forms are available from the Office or Canteen.

**Hot Dog Orders** – Please make sure your Hot Dog Orders are in by **Wednesday 18th March** at the very latest. We cannot accept any orders after this date! Please check your child’s bag and/or satchel to make sure they have handed their orders in.
